TESTIMONIALS

LOVE PAMECHA
School: Rockwoods High School

I can confidently say that joining Arihant Commerce Classes has been one of the most important decisions of my academic life. It truly transformed my career path, my ambitions, and my overall outlook in a very positive way. Looking back, everything feels almost picture-perfect, and this is where my journey truly began.Just a month before my final exams, I joined Arihant Commerce Classes and had the opportunity to learn from Gaurav Sir. That was when I was introduced to the unique table-teaching method, which made concepts extremely clear and structured. More importantly, Gaurav Sir guided me towards the path of pursuing CA and CS, which later became my career ambition.I am extremely grateful to Arihant Commerce Classes and all the faculty members for their constant support, motivation, and mentorship throughout my journey. Their teaching methodology, test series, and personal guidance played a crucial role in helping me achieve these milestones.This journey has been truly transformative, and I look forward to achieving many more milestones ahead with the strong foundation built here

ADITI GUPTA
School - DPS

I completed my 12th from Arihant Commerce Classes, and i can confidently say it was one of the best decisions of my academic journey. I would personally recommend it to every commerce student who wants to build a strong foundation and succeed in exams. The faculty places a strong emphasis on concept clarity - they just don't teach the syllabus but make sure you understand it thoroughly.One of the biggest advantages is their exam-oriented approach. You're not just taught; you are trained to perform - through regular practice papers, case study based learning, and effective note-making strategies. This significantly boosts confidence and exam performance.For students aspiring to pursue professional cources like CA, CS and CMA, Arihant is a great place to be. The small batch size ensures individual attention, and there's a dedicated focus on every student's progress.

MALVIKA SINGH RAO

I am Malvika singh rao Currently pursuing my Articelship in CA at KNAV Mumbai.I studied for both groups of CS Executive and CA Inter at Arihant Commerce Classes, Udaipur. I am very thankful to the institute because I cleared both CS Executive and CA Inter in my first attempt.They did not just teach the subjects, but they made all concepts very clear. Regular tests were conducted after every chapter, which helped me improve my writing skills a lot. These tests also prepared me well for the exam.They guided us beyond studies. They helped us understand how to attempt papers, stay calm during exams, and were always there to solve our doubts—even at night.Overall, clearing CA Inter in the first attempt was also possible because of my strong base and continuous support from Arihant Commerce Classes.I am really grateful to all my teachers for their guidance and support.

YAJAT VYAS

I had the privilege of studying at Arihant Commerce Classes for both my 11th and 12th grades. During my time here, I studied Business Studies, Economics, Accounts, and Applied Mathematics. Teachers are highly experienced, knowledgeable, and incredibly supportive. What makes them stand out is their friendly nature they treat students like their own friends, creating a very comfortable and motivating learning environment. Because of their guidance and teaching style, I was able to achieve excellent academic results.Additionally, I prepared for the CS entrance (CSEET) under their guidance and scored 171/200, securing 2nd rank in the district. This achievement would not have been possible without their constant support and mentorship.Overall, my experience at Arihant Commerce Classes has been extremely positive, and I am truly grateful to Gaurav Sir for their efforts, dedication, and belief in me.
